NATIONAL WORKSHOPS IN SEPTEMBER

Join us!

We're thrilled to announce a series of national workshops this September!

These events are designed to spark dialogue and consultation between women, adult educators, and policymakers, all aiming to craft new policies that support female empowerment and entrepreneurship.

Event Highlights:

Duration: Approximately 7 hours

Agenda will include:

- Presentation of the project

- Discussion on transnational report, MOOC, and manual
- Inspiring interviews with an adult educator and a woman involved in the training activities.
- A success story from a female entrepreneur who will serve as a mentor and role model for aspiring businesswomen.

Insights and feedback gathered during the workshops will be synthesized into comprehensive policy recommendations. These will be enriched with best practices identified throughout the project. The final document will be published in English and translated summaries will be available on the project's website.

FINAL CONFERENCE IN IRELAND

Join us in Ireland in November, for a grand finale conference where we will unveil the project's results and the policy recommendations, celebrating the collective effort and achievements.
