

The newsletter about female social entrepreneurship

MARCH 2024 | N. 2

WOMEN AND SOCIAL ENTERPRISES

Discover the
Consolidated
Report

Our **Consolidated Report** is now available!

The report is based on local investigations of women's occupations, their propensity to engage in social enterprise, and the obstacles they face in Latvia, Ireland, Armenia, Germany, Spain, Italy, and France. It presents a comprehensive analysis of women's social entrepreneurship, addressing their needs, challenges, skills,

country-specific insights, and success stories. In addition, it provides recommendations for developing and improving U.POWER MOOC policies to enhance conditions for SE development in partner countries. The report can be downloaded from the 'Reports' page on upowererasmus.com

THE FUTURE OF SOCIAL ENTREPRENEURSHIP IS FEMALE

The U.Power Coaching finally begins!

In February, the **coaching phase began** with aspiring female social entrepreneurs from Ireland, Italy, France, Spain, Germany, Armenia, and Latvia.

The coaches from each country were trained in coaching techniques, active listening, crowdfunding, and social entrepreneurship in the previous phase.

Now, we are ready to move on to the next phase. Each coach will be paired with a woman who has a desire to develop a social entrepreneurship idea. Together, they will take the **first steps towards creating a business that will have a big impact on their community**. Follow our social media channels and wait for the next newsletter for all the details!

“

It's important to teach our female youth that it's OK to say, 'Yes, I am good at this,' and you don't hold back.
